JANUS

[International]

These coil coating color selections are available for 26 gauge material such as sheet doors and filler panels with components parts manufactured by Janus International Corporation. While color names listed here may be identical to other companies, Janus does not guarantee an exact color match. Actual Janus color chips are available upon request.

All siliconized polyester colors shown are stocked standard colors and backed by a film integrity warranty for twenty-five (25) years guaranteed to hold up against: cracking, checking or peeling. In addition, these colors are guaranteed not to chalk or fade for twenty (20) years. Refer to the complete official warranty on the back.
